

Alphabet Cup Game

A fun alphabet game for Toddlers and Preschoolers!

Materials Needed:

Clear Plastic Cups
Permanent Marker
Post-it Notes

Directions: Write one letter on the bottom of each of the plastic cups with a permanent marker. Write the same letters on the sticky notes. Randomly place the sticky notes on the floor. Have your child cover each sticky note with the plastic cup that has the corresponding letter.

Depending on your child's skill level put out a few or many letters for them to run, hunt and cover up their letters. Challenge your alphabet expert by playing a short song in the background and have them race the music to see if he/she can finish matching all of the letters before the song ends.

Learning Value: This fun letter activity develops cognitive recognition while enhancing gross motor skills.
