

Colour Mixing!

Colour exploration is a fun activity for all ages!

Materials Needed:

- Shaving Cream
- Food Colouring
- Zip Lock Bag
- Tape

Directions: Spray shaving cream inside the zip lock bag. Squirt two or three different colours of food colouring into the foam. Seal the bag and support with tape. Allow your child to squeeze and squish the bag to mix all the colours together. Encourage your child to explore and discover the new colours that have formed.

Learning Value: This sensory activity develops fine motor and critical thinking skills.
