

# Recipe for

## Edible Honey Slime

FROM THE KITCHEN OF

**Kids & Company**

INGREDIENTS

1/2 Cup of Honey

1 Cup Cornstarch

3-5 TBSP Oil

Bowl/Parchment/Spoon

DIRECTIONS

In a microwave safe container, mix together the cornstarch and honey by pressing with the back of a spoon. Mix as much of the cornstarch into the honey as you can. Place the mixture into the microwave for 15 to 30 seconds or just until warmed. To the honey mixture, add 1 tablespoon of oil at a time until it forms a dough. Turn the dough out onto parchment or waxed paper.

Knead oil into the dough until it reaches a stretchy, slime-like consistency. If the honey slime becomes sticky or stiff while playing, add a little more oil. Invite your child to explore with a few simple bee-themed accessories.
